2.0 Program Description

The Emergency Rental Assistance Program (ERAP) provides emergency rental assistance grants to income-eligible individuals and families economically impacted during the COVID-19 pandemic through job loss, furlough or reduction in hours or pay, residing in the City of La Habra.

Emergency grants are rental payments made on behalf of an income-eligible applicant, in a reasonable amount determined by the City for a maximum period of 3 consecutive months, to maintain housing and/or to reduce rental delinquency in arrears as a result of the economic downturn during the COVID-19 pandemic.

CDBG-CV funds will be used for emergency rental payments on behalf of income-eligible individuals and families economically impacted by the COVID-19 pandemic. Monthly rental assistance is provided for a period of up to 3 consecutive months through direct payment to a bona fide landlord, property management agent or company for current rent, future rent, and/or up to two months of rental arrears within the 3 consecutive months to be addressed. The City may also use CDBG-CV funds for program implementation costs such as direct personnel and non-personnel costs.

The City will provide up to \$3,000 in rental assistance per month for a period of no more than three consecutive months (total award not to exceed \$9,000). For applicants with current back rent due, the total amount due must be less than two full months of rent due at the time of grant award. That is, if a tenant owes more than two months of past rent, they are not eligible to participate in this program. Applicants or interested applicants who owe more than two months of back rent will be referred to other County and State programs for potential assistance.

Program participants will be encouraged to utilize the job training and resource assistance services provided by the La Habra Community Employment Center.

This activity is a public service activity under the CDBG program regulations at 24 CFR 570.201(e) as allowed pursuant to 24 CFR 570.207(b)(4) that provides emergency grant payments made over a period of up to 3 consecutive months directly to the provider of the housing unit. The activity is further regulated pursuant to 24 CFR 570.208(a)(2)(i)(B) whereby applicants shall supply information on family size and income to qualify.

Income Eligibility

As defined at 24 CFR 5.403, “family” includes, but is not limited to, the following, regardless of actual or perceived sexual orientation, gender identity, or marital status: 1) A single person, who may be an elderly person, displaced person, disabled person, near-elderly person, or any other single person; or 2) A group of persons residing together, and such group includes, but is not limited to a family with or without children (a child who is temporarily away from the home because of placement in foster care is considered a member of the family); an elderly family; a near-elderly family; a disabled family; a displaced family; and the remaining member of a tenant family.

Therefore, family member information must include, at a minimum, the following:

- Full names and ages of all family members living in the residence; and
- Signature of all adult family members age 18 or over, certifying that the information provided related to the annual family income and family composition is correct.

“Annual Income” is defined as all amounts, monetary or not, which go to the family head or spouse (even if temporarily absent) or to any other family member, or are anticipated to be received from a source outside the family during the 12-month period following submission of the Program Application.

The HOME Part 5 [definition](#) of annual income shall be used exclusively for this program. No other definition of income shall apply. The most current version of the HOME income definition specifies the following types of income shall be included in the calculation to determine eligibility:

- Wages, salary, commissions, bonuses, or tips from all jobs. Report the amount before deductions for taxes, bonds, dues, or other items.
- Net income from the operation of a business or profession. Expenditures for business expansion or amortization of capital indebtedness shall not be used as deductions. Report all income and withdrawal (except when reimbursement of cash or assets invested in the operation by the family).
- Interest, dividends, net rental income, royalty income, or income from estates and trusts. Report even small amounts credited to an account.
- Social Security, annuities, insurance policies, retirement funds, pensions, disability benefits, death benefits or other types of similar periodic receipts. Report the total amount received.
- Payments in lieu of earnings such as unemployment, disability, worker's, and severance compensation. Report the total amount received.
- Any public assistance or welfare payments from state or local welfare office. Report the amount received.
- Periodic and determinable allowances such as alimony and child support payments and regular contributions or gifts received from organizations or persons not residing in the dwelling. Report total amount received.
- All regular pay, special pay, and allowance of a member of the Armed Forces except special pay for a family member who is exposed to hostile fire. Report total amount received.

The CARES Act Economic Impact Payment (stimulus check) is not considered an income payment.

Income shall be annualized for qualification purposes based on present income received. If it is not feasible to anticipate a level of income over a 12-month period (e.g., seasonal or cyclic income), or the City believes that past income is the best available indicator of expected future income, the City may annualize the income anticipated for a shorter period, subject to a redetermination at the end of the shorter period.

The Emergency Rental Assistance Program is classified under the Limited Clientele National Objective of the CDBG Program at 24 CFR 570.208(a)(2), whereby a verifiable self-certification form is permitted by HUD to document that individuals and families receiving assistance are low- or moderate-income. A verifiable self-certification shall be collected and evaluated with each Program Application. The self-certification shall be verified for all applicants receiving assistance at the time of application, except that upon recommendation by program staff, the Housing and Economic Development Manager shall have the authority to waive submission of source documentation on a case-by-case basis. However, in no event shall fewer than 51 percent of all assisted applicant files contain only the verifiable self-certification without supporting documentation to verify the amounts of income listed on the Program Application.

Current eligible income limits are listed below:

# of People in Family	1	2	3	4	5	6	7	8
