

Section 600.9 Cellular Communications Interception Technology

The Investigation Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:

1. The purposes for which using cellular communications interception technology and collecting information is authorized.

2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.

3. Training requirements necessary for those authorized employees.

4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.

5. Process and time period system audits.

6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.

7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.

8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.
