AP-15 Expected Resources – 91.220(c)(1,2)

Table 56 - Expected Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

To address housing and community development needs in La Habra, the City will leverage CDBG funds with federal, state, and local resources when possible to maximize the impact and effectiveness of the funds. At a federal level, the City will look to leverage other HUD resources such as Section 202 and 811, and Low-Income Housing Tax Credits. The City will also look to leverage non-entitlement HOME and ESG resources administered by the State. The City will continue to be an active participant in seeking housing, community development and economic development resources and programs administered by the State, including the following:
- State Low-Income Housing Tax Credit Program
- CalHome Program
- Multifamily Housing Program (MHP)
- Housing Related Parks Grant
- CalHFA Single and Multi-Family Program
- Mental Health Service Act (MHSA) Funding
- Homeless Housing, Assistance and Prevention (HHAP) Program
- Homeless Emergency Aid Program (HEAP)
- California Emergency Solutions and Housing Program (CESH)

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

La Habra will comply with new State requirements under AB1486 and AB1255 to inventory and support developers to access and utilize surplus municipal and state land for the construction of affordable housing. If such sites are identified, the City will consider the use of CDBG or other resources to assist with site preparation. At the point of developing this Action Plan, the City does not have any publicly owned land that can be used to support the development of affordable housing within the City of La Habra.

Table 59 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

La Habra uses a place-based strategy during the planning period. The geographic distribution of funding is predicated somewhat on the nature of the activity to be funded. It is the City’s intent to fund activities in the areas most directly affected by the needs of low-income residents and those with other special needs. The Annual Action Plan directs investment geographically to an area benefit neighborhood. The area benefit category is the most used national objective for activities that benefit a residential neighborhood. An area benefit activity is one that benefits all residents in a particular area, where at least 51% of the residents are low- and moderate-income persons. Public infrastructure improvements are an area benefit activity when they are in a predominately low- and moderate-income neighborhoods.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

CDBG resources will be prioritized throughout the City with the primary objective of meeting the needs of low- and moderate-income residents in the City. When evaluating potential projects and programs, the City will ensure that projects are structured to prioritize areas where there is a higher concentration of low- and moderate-income residents. The map below indicates Census block groups in which at least 51% of the residents are low- or moderate-income residents. The City will prioritize funding in these block groups.

A detailed description of minority and low-income concentration is provided in the Consolidated Plan in the MA-50 section.

AP-55 Affordable Housing – 91.220(g)

Introduction

The Annual Action Plan specifies goals for the number of homeless, non-homeless, and special needs households to be provided affordable housing within the program year. The plan also indicates the number of affordable housing units that will be provided by program type, including rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units. For the purpose of this section, the term "affordable housing" is defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership.

AP-60 Public Housing – 91.220(h)

Introduction

The La Habra Housing Authority was formed by the City Council on September 22, 1992, by Resolution No. 4146 under provisions of State Law. The City of La Habra has an agreement for a period of 10 years for the administration of Section 8 housing programs with the Orange County Housing Authority.

La Habra will continue to work independently and closely with the Orange County Housing Authority and local nonprofits to provide assistance to low-income families. As population demographics continue to change, the City will continue to work with the county housing authority and local (and regional) nonprofits to develop public housing projects in La Habra.

Actions planned during the next year to address the needs to public housing

Orange County Housing Authority does not own or operate any public housing developments.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Orange County Housing Authority actively encourages program tenants to participate and become involved with the Resident Advisory Board to support oversight and management of the Housing Authority. To support homeownership, OCHA has established an HCV Homeownership option. Under this option, qualified HCV participants may be able to use their housing assistance subsidies for mortgage payments rather than monthly rent. This option allows first-time homebuyers who meet certain qualifications to receive assistance with their monthly homeownership expenses.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

N/A, PHA is not designated as troubled.
AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Through the City’s CDBG allocation, it will continue to prioritize the needs of homeless and special needs populations in the City of La Habra.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of La Habra is an active participant in the Orange County Continuum of Care. The City works directly with City Net to assist in street outreach and client engagement. City Net works closely with city agencies and the police department as well as service providers and shelters operating throughout the CoC geography.

Additionally, La Habra is a participating member in the North Orange County Public Safety Task Force in which the task force works with cities and community-based organizations to use state-provided funding to support youth violence prevention, promote and enhance the successful re-entry of offenders into the community and improve homeless outreach and intervention efforts.

From October 2019 – February 2021, City Net engaged 851 individuals via direct outreach with the goal of building relationships and trust to support these individuals seek emergency shelter or other critical services and needs.

As part of this strategic plan, the City anticipates funding special needs public services, which will include the provision and delivery of services that are targeted to populations including those who are homeless and at-risk of becoming homeless.

Addressing the emergency and transitional housing needs of homeless persons

In accordance with SB2, the City of La Habra created an Emergency Transitional Shelter Overlay Zone as part of its zoning ordinance – allowing for the development of a new or conversion of an existing structure within the zone to accommodate at least 20 homeless persons. This overlay allows the development of such a shelter as a permitted use without the need for a conditional use or other discretionary permit.

Additionally, as a member of the Orange County CoC, the City maintains an active database of available emergency and transitional shelters throughout the County and supports those seeking assistance in accessing these shelters or other critical services.
Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Through this Strategic Plan, the City of La Habra will implement public service programs to provide a range of critical services to low-income and homeless households as well as support homeless facilities operating in Orange County that serve residents of La Habra. Through these programs, La Habra will support the continuation and expansion of a network of programs to support at-risk households.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs.

Through the North Orange County Public Safety Task Force, the organization will continue to fund and support community-based organizations that operate in the ten cities in North OC (including La Habra) to provide assistance for successful reentry into the community. Additionally, the CoC and service providers in La Habra and throughout the County provide a range of housing and critical services to those who are at-risk of homelessness and provide counseling and supportive services to mitigate the risk. La Habra will continue to prioritize the funding of such institutions through its public service program.
AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

The City evaluated barriers and constraints to the development of affordable housing as a critical component of the Housing Element. The California Department of Housing and Community has certified La Habra’s Housing Element.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of La Habra's General Plan 2035 encourages the development of homes affordable to working families. Through Policy A-1, the City supports State Housing policies by emphasizing, "... the use of those public powers which impact on housing, including, but not limited to, land use controls, development controls, and regulatory concessions and incentives." Policy A-3 facilitates efforts of the private sector in the production of new housing for all economic segments of the community. Specifically, Policy A-2 gives priority processing to very low-income and low-income developments where the highest priority will be given to rental projects that are affordable to extremely low and/or very low-income households. Policy A-4 directs the City to work with the La Habra Housing Authority to assist in initiating partnerships with nonprofit developers to assist in the development of housing affordable to extremely low-income, very low-income and low-income households. Policy A-5 has the City striving to achieve the production of new housing in sufficient quantities to meet both market-rate and non-market rate housing needs of the community.

Historically, the City has approached lower income housing needs through financial assistance (although this will be more restrictive in the future due to the loss of redevelopment set aside funds), encouragement, or negotiations with developers, with the goal of enhancing the residential quality of life by providing needed services that allow for the opportunity to increase household income. The 2014-2021 Housing Element identifies Housing Authority Bonds, the HOME Investment Partnership Program, and Low-Income Housing Tax Credits, among others, as financial resources La Habra will utilize, when available, to assist in the development of affordable housing. In addition, the City also has ground lease agreements in place with developers throughout the City to maintain 18 affordable units in the City.
AP-85 Other Actions – 91.220(k)

Introduction:

The section will describe the City's planned actions to ensure that the goals of this Action Plan effectively meet the needs of underserved residents, foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty-level families, promote and enhance institutional structure, and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

To effectively address the obstacles to meeting the needs of underserved individuals, the City will work closely with its network of local and regional partners and nonprofits to continually identify the most pressing needs and barriers to effectively delivering public services, housing and other programs. Building off this input, the City will prioritize public and social service programs that most align with the needs of these populations. The City will rely on its partners to assist in communication and messaging to ensure that underserved households are able to access and utilize these programs and services.

Actions planned to foster and maintain affordable housing

Rehabilitation Activities

The City plans to foster and maintain affordable housing through the rehabilitation of single-family and mobile homes throughout the City of La Habra. Single-family rehabilitations will be conducted by the Community Development Department's Residential Rehabilitation Project. These rehabilitation programs enable La Habra residents to remain in their homes and continue to live independent lives, despite fixed incomes and/or physical limitations by focusing rehabilitation efforts on health, safety, and accessibility.

Fair Housing Activities

The U.S. Department of Housing and Urban Development (HUD) requires direct entitlement cities to develop an Analysis of Impediments (AI) to Fair Housing Choice and evaluate its Fair Housing issues as an individual jurisdiction and within the context of a larger region. The City of La Habra collaborated with 16 Orange County cities to develop a Regional Analysis of Impediments to Fair Housing Choice in order to fulfill our HUD requirement. This AI examines various policies, procedures, and practices within a community that may limit a person's ability to choose their residence free from discrimination. This AI provides an overview of laws, regulations, conditions or other possible obstacles that may affect an individual or a household's access to housing in a community. It also presents local and regional demographic profiles, assesses the extent of housing needs among specific groups, identifies existing barriers or impediments that may limit housing choices, and proposes action to overcome those barriers.
Actions planned to reduce lead-based paint hazards

The use of all lead-based paint (LBP) on residential property has been prohibited since 1978. However, 82% of owner-occupied units and 77% of renter occupied units were built before 1980. These units could be at risk of lead-based poisoning. The age of the housing stock is the key variable for estimating the number of housing units with lead-based paint (LBP). The City will continue to provide lead-based paint testing in compliance with program guidelines.

Lead poisoning education and abatement efforts in La Habra are provided through the cooperative efforts of the County Public Health Department. The abatement of lead-based hazards is a vital component of the City of La Habra's Housing Rehabilitation Loan Program. All housing rehabilitation projects are assessed for lead-based paint and licensed contractors perform lead-based paint abatements.

Actions planned to reduce the number of poverty-level families

Through this Action Plan, the City will continue to strive to achieve its goal of reducing the poverty rate within the City of La Habra. To support this effort, the City will do the following:

- Coordinate with public and private stakeholders to institute programs targeted to low-income residents in the City
- Support services and facilities targeted to homeless residents and those at risk of becoming homeless
- Promote housing rehabilitation programs targeted to support low- and moderate-income residents
- Target public infrastructure and improvements that will primarily benefit low- and moderate-income residents

Actions planned to develop institutional structure

The City of La Habra's Community Development Department works closely with regional and local stakeholders focused on improving housing and community development conditions in La Habra. The working relationships between these organizations are strong and facilitative. Due to the City's relatively small size, communication is typically direct and immediate. As a result, gaps in program or service delivery are typically not the result of poor institutional structure or lack of intergovernmental cooperation, but rather due to shortcomings in available resources. During the coming year, the City will continue to strive to identify new partners as well as new financial and in-kind resources that can be leveraged by the City and/or its partners to better promote community development programming throughout the City.

Actions planned to enhance coordination between public and private housing and social service agencies

The City's Community Development Department works closely with other City departments and the community to develop programs and activities that improve low- and moderate-income neighborhoods throughout La Habra. The administration of program activities includes housing, public facility and
infrastructure improvements, public and social service activities and economic development activities. To ensure these programs are efficiently carried out and effectively meet the needs of residents, the City regularly communicates and coordinates activities with the different stakeholders. The City will continue to strive to regularly communicate and coordinate activities between itself and other agencies as well as serve as a conduit between different organizations and agencies operating in the City.

Title
Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) ______ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.
Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
